

# More efficiency by smarter testing

**Promotional period:**  
03.03.2025 – 20.06.2025

Contact us today for your offer

Maximize efficiency and minimize costs on every job with exclusive savings on the most advanced testing and certification solutions, plus the new LinkIQ™ Duo Cable+Wi-Fi+Network Tester.

## Specialist Kit #1

High accuracy network test solution offering comprehensive standards compliance and certification up to Cat6A and Class FA.

**Save 2,510 €**

Item # - 4955017 |  
Part # - DSX2-5000/GLD INT

+ Gold Support

## Specialist Kit #2

High accuracy network test solution offering comprehensive standards compliance and certification up to Cat8 and Class I/II.

**Save 4,361 €**

Item # - 4954550 |  
Part # - DSX2-8000/GLD INT

+ Gold Support

## Advanced Kit #1

Designed for testing and certifying copper and fiber cabling systems, the DSX2-5000QI certifies copper to Cat6A and Class FA. It includes Quad Optical Loss Test Set modules with a fiber inspection scope.

**Save 3,889 €**

Item # - 4955074 |  
Part # - DSX2-5000QI/G INT

+ Gold Support

## Advanced Kit #2

Designed for testing and certifying copper and fiber cabling systems, the DSX2-8000QI certifies copper to Cat8 and Class I/II. It includes Quad Optical Loss Test Set modules with a fiber inspection scope.

**Save 4,221 €**

Item # - 4954687 |  
Part # - DSX2-8000QI/G INT

+ Gold Support

## Advanced Kit #3

A complete solution for testing and certifying copper and fiber cabling systems. The DSX2-8000QOI certifies copper to Cat8 and Class I/II. It includes Fiber Quad Optical Loss Test Set modules and a Quad OTDR module with a fiber inspection scope.

**Save 6,224 €**

Item # - 4954610 |  
Part # - DSX2-8000QOI/G INT

+ Gold Support

## Intro Kit

Essential test and certification solution for twisted pair structured copper cabling up to Cat6A.

**Save 1,820 €**

Item # - 6008226 |  
Part # - DSX-602-PRO/GLD

+ Gold Support

## Fiber Kit #1

High performance solution which accelerates every step of the fiber certification process, comprising a Quad Optical Loss Test Set.

**Save 3,488 €**

Item # - 4955805 |  
Part # - CFP2-100-Q/GLD INT

**+Gold Support**

## Fiber Kit #2

High performance solution comprising a Quad Optical Time Domain Reflectometer (OTDR) and fiber inspection scope for troubleshooting and certification.

**Save 3,451 €**

Item # - 4955462 |  
Part # - OFP2-100QI/GLD INT

**+Gold Support**

FIBER

## Qualification Kit

Comprehensive copper and fiber qualification solution for technicians to test and check copper, fiber and active networks including PoE.

**Save 300 €**

Item # - 6026632 |  
Part # - LIQ-KIT-FMC

COPPER

FIBER

## Wi-Fi Kit

Test and check copper, fiber and active networks including PoE and Wi-Fi networks up to 6E. This offer includes a 3-year Premium Care – Gold support plan at no extra cost.

**Save 352 €**

Item # - 6023847 |  
Part # - LIQ-DUOKIT-H6EU/FPC3

Item # - 6026303 |  
Part # - FMC-1G

## Premium Care – Gold Support

Premium Care is our comprehensive maintenance program for Fluke Network's products.

It provides unmatched support for customers wanting to minimize business downtime and ensure a high return on investment. The service agreement includes annual calibration (where relevant), replacement accessories, repairs with priority service, and access to loaner units during repairs. Gold support is included for select discounted products or can be purchased separately. Contact your Fluke Networks representative today to find out more.
